

Computer Network User Agreement

Please read this document carefully before signing it.

Access to the Adams County Technical Institute (ACTI) computer network is available to all students and staff. Connection to the network is provided directly through workstations in all ACTI spaces or other remote sites. Resources include a large number of general and specialized software programs as well as access to the Internet. Students are provided access to Google Workspace applications such as Gmail, Drive, Classroom and others.

It is possible that your child may find material on the Internet that you would consider objectionable. The ACTI Policy 815, Acceptable Use of Internet, Computers, and Network Resources, restricts access to material that is inappropriate in the school environment, and we have installed a filtering system to limit access to inappropriate material. However, the software is not entirely effective in blocking access because the Internet content is constantly changing.

Although use of the Internet will be supervised by staff, we cannot guarantee that your child will not gain access to inappropriate material. There may be additional kinds of material on the Internet that are not in accord with your family values. We would like to encourage you to use this as an opportunity to have a discussion with your child about your family values and your expectation about how these values should guide your child's activities while on the Internet.

Our signatures below indicate that we have read the entire ACTI Policy 815, Acceptable Use of Internet, Computers, and Network Resources, and that we will abide by its provisions. We further understand that any violation of the regulations is unethical and may constitute a criminal offense. Should the student commit any violation, his/her access privileges may be revoked, school disciplinary action and/or appropriate legal action may be taken.

Student Name: (please print) _____

Street Address: _____

City, State, Zip Code _____

Home Phone: _____

Student Signature _____
